THE Minister of the Interior, under date 29th July, 1913, submits that by an Order in Council of the 22nd July, 1911, Legal Subdivision 3 and Fractional Legal Subdivisions 6 and 11 of Section 4, Township 20, Range 17, west 6th meridian, more particularly described as follows:—

The Minister further submits that the safety requirements were not considered sufficient, and at the request of the Department of Militia and Defence, by Order in Council of the 9th February, 1912, the jurisdiction and control over the above-mentioned lands were resumed by the Department of the Interior;

The Minister states that it is now represented by the Department of Militia and Defence that this site can be made safe for practice as a rifle range, and that a fresh application has been made therefor,—

The Minister, therefore, recommends that the above-mentioned lands be set apart and appropriated for the purpose of a rifle range, to be under the jurisdiction and control of the Department of Militia and Defence, subject, however, to the said lands being used for the purpose for which they are set apart.

The Committee submit the same for approval.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR IN COUNCIL.

THE Minister of the Interior, under date 25th July, 1913, reports that on the 27th October, 1908, Francis Rushton was allowed to purchase Legal Subdivisions 3, 4, and 6 of Section Twenty-two, in the Twenty-second Township, in the Seventeenth Range, west of the 6th meridian, less a right-of-way for an irrigation ditch of the Canadian Real Properties, Limited, at one dollar per acre, subject to the successful operation by the 1st November, 1910, of the irrigable areas, the above-mentioned lands containing by admeasurement 103.2 acres, more or less;

The Minister states that in July, 1910, the Chief Engineer in charge of the Hydrographic Survey in the Railway Belt, inspected Mr. Rushton's irrigation scheme and found that a small irrigation system was completed and in operation, and that a *bona-fide* attempt had been made to reclaim the area applied for. On the 6th April, 1911, the applicant filed with the Department of the Interior a certified copy of a provincial grant of water record for 200 inches of water from Jamieson Creek;

The Minister also states that the purchase money has now been paid in full,—

The Minister recommends that the sale of the above-mentioned lands be approved, and that letters patent be issued to the applicant.

The Committee submit the same for approval.

10. Every engine operated by the power of steam passing through or located in a forest reserve shall, by the company or authority using the same, be provided with and have in use all the most improved and efficient appliances to prevent the escape of fire from the furnace or ash-pan, or from the smoke-stack of such engine, and it shall be the duty of every engineer in charge of any such engine to use all necessary means and appliances to prevent the escape of fire.

11. GENERAL CONDITIONS GOVERNING PERMITS.

23. An office fee of 25 cents shall be required before any permit is issued. The fee and dues in connection with any permit must be paid in full before the permit is issued, and all outstanding permits must have been returned.

24. Permits for cutting timber shall expire on the first day of May next succeeding the date of issue, and no person shall be entitled to more than one permit in one year of each class provided for by these regulations, excepting for the classes of permits provided for in subsections (f) and (g) of section 16 of these regulations. Each permit shall designate the location in which the cutting is to be done and the quantities and classes of timber to be cut thereunder.

25. Any breach of the regulations or condition of the permit by a permittee or failure to comply with the instructions of the officer in charge of the reserve, or the forest ranger, shall render the permit liable to cancellation and, in the discretion of

the Minister, the privilege of obtaining any further or other permit shall be withdrawn.

26. All timber cutting upon the reserves shall be done under the control of the forest ranger or other officer and subject to his instructions, and shall be subject to the following conditions:—

(a.) Only such timber shall be cut as is designated by the forest officer.

(b.) No unnecessary damage shall be done to the young growth or to trees left standing.

(a.) To residents of towns and villages for the erection of buildings for their own use in quantities not to exceed 3,000 lineal feet of round timber, and 500 roof-poles not to exceed 6 inches in diameter at the butt in any one year at an upset price not less than that fixed by these resolutions for permits.

(b.) To any applicant for his own use or for sale or barter green or dry cordwood at not less than 25 cents per cord, and in amounts not to exceed 400 cords on any one permit.

SALES BY TENDER.

28. The director may approve of contracts for the sale of timber from the forest reserves in quantities not to exceed 5,000,000 feet board measure, or its equivalent, on any one sale, and for a period of removal not to exceed five years, providing that the timber so sold shall have been advertised for sale in a newspaper circulating in the district in which the timber is situated for a period of not less than 30 days. The director may fix the upset price and other conditions of the contract subject to these regulations. If no tender is received the timber so advertised may be disposed of at private sale at not less than the upset price at which the sale was advertised.

29. Applications for sales of timber under 5,000,000 feet shall be made to the officer in charge of the forest reserve on forms provided by the Department to be forwarded to the director.

30. All applications for sales of timber made under section 28 shall be accompanied by a deposit of \$50. In case the timber is not advertised for sale, or if it is advertised and the depositor is not the successful tenderer, his tender will be returned. If the timber is advertised and no tender is received the deposit will be forfeited. If the depositor is the successful tenderer the deposit will be retained and applied to the payment of the dues.

31. Each person submitting a tender for timber advertised under these regulations shall be required to deposit with his tender an amount equal to not less than one-fifth of the total dues at the upset price on the quantity of timber to be sold when the total does not exceed \$5,000, and one-tenth when the total exceeds that amount. This deposit shall be retained in case the tender is accepted and shall be returned if the tender is rejected. The person to whom the timber is awarded shall immediately sign an agreement to conduct the operation in accordance with the conditions of the sale and the regulations of the forest reserve.

(b.) The purchaser shall keep a record of the timber cut either by scale, count, or measurement, as may be specified on forms prescribed by the Department, and such record shall be open to inspection by any forest officer at any time. Sworn returns shall also be furnished quarterly by the purchaser showing the quantity of timber cut, and payment of the dues on the timber so reported shall be made at these quarterly periods. The deposit made with the tender shall be retained and applied in settlement of the two last quarterly returns, and all deposits in excess of the amount found to be due shall be refunded when the sale is closed. Sales

shall be closed by the director on the report of the forest officer in charge to the effect that all conditions of the contract have been complied with.

(c.) Contracts may be cancelled by the Minister for failure to comply with the conditions of the same, and all deposits shall be forfeited on such cancellation.

32. The director may require that bonds be given for the fulfilment of the conditions of the contract whenever in his opinion it is desirable.

33. No person to whom a sale of timber has been made, as provided for in section 28, shall be eligible to tender on another sale during the term of the contract of sale except within a period of six months prior to the expiration thereof and unless the conditions of the contract have been complied with.

SEIZURES.

34. All timber cut within a forest reserve without proper authority shall be liable to seizure, whether in the possession of the person by whom it was cut or of any other persons, and whether it has or has not been removed from the reserve; and the person by whom the timber was cut shall, in the discretion of the Minister, forfeit all right to obtain a permit within a forest reserve, in addition to any other penalty provided by "The Forest Reserves Act," or by these regulations. Unless the person who cut the timber can establish to the satisfaction of the officer in charge of the forest reserve that the cutting was done without wilful intent to contravene the regulations, the timber shall be confiscated and may be disposed of by public auction after proper advertisement, and, if no bid equal to the amount due the Government is received, may be disposed of by private sale. If it is established that the cutting was done without wilful intent to contravene the regulations, the timber may be released on payment of a fine equivalent to at least double dues on the timber seized, which may be collected whether the timber is partly covered by permit or not.

35. If timber has been cut on a forest reserve without authority, and has been removed beyond the reach of the forest officers, the person responsible for the cutting, whether done by himself or some person employed by him, shall be liable to a penalty of not less than one dollar and not exceeding three dollars for each tree unlawfully cut. If the person responsible for cutting the timber unlawfully can establish that the cutting was done without wilful intent to infringe the regulations, he may be relieved from further liability by the Minister on payment of at least double dues on the quantity cut, as determined by the forest officer.

GRAZING OF LIVE-STOCK.

36. Permits for a period not to exceed one year for the grazing of live-stock on forest reserves may be granted by the Director of Forestry, or any forest officer acting under his instructions, except where it may be determined by the Minister that the exclusion of stock is necessary for the protection of the reserve.

37. The number and kind of stock which may be grazed upon each grazing district in each reserve, and the period during which the grazing will be permitted, shall be determined for each year by the Director of Forestry.

38. Applications for the grazing of stock shall be made to the officer in charge of the reserve. Any applications received after the first day of March shall be entitled to consideration only after the applications received prior to such date have been satisfied or disposed of. Applications for grazing permits must be made on the form prescribed by the Director of Forestry for that purpose, and must give the information called for by such form, including the brands for the identification of the stock.

39. In considering applications for grazing permits on a forest reserve the following classes of applicants shall be considered in the following order of preference:—

CLASS 1.—Persons owning and residing upon improved ranch or farm property near a forest reserve who are dependent on the forest reserve for range for their stock and who do not own more stock than the grazing unit for the district.

CLASS 2.—Persons owning improved ranch or farm property near a forest reserve who are dependent on the forest reserve for range for their stock, but who do not reside on the property, or who own more stock than the grazing unit for the district.

CLASS 3.—Persons who do not own improved property near the forest reserve or who are not dependent on the forest reserve for range.

Applications from persons in Class 3 may be refused if the applications from persons in Classes 1 and 2 are for a number of stock equal to the maximum fixed by the director under section 37 of these regulations.

40. An office fee of 25 cents shall be required before any permit is issued. The Director of Forestry shall fix the dues for grazing permits for each forest reserve. The minimum dues for a grazing permit for cattle or horses shall be 5 cents per head per month, and the maximum shall be 10 cents per head per month, but no permit shall be granted for less than 25 cents per head.

The rate of dues charged for sheep shall be one-fourth of that charged for cattle.

If the tract to be grazed is enclosed by a fence the dues for a grazing permit may be increased to 25 cents per head per month or \$1 per head for the season.

The fees and dues in connection with any permit must be paid in full before the permit is issued.

Only stock six months old or over will be counted in the determination of the dues for a permit.

41. The Director of Forestry may establish a fixed number of stock as a grazing unit for each forest reserve, the basis of the minimum unit being the number of stock which can be carried during the winter in connection with a homestead or small ranch; and the number of persons to whom permits for grazing stock are issued in any grazing district may be increased to the number of grazing units which will be supported by the maximum limit for the grazing district, and the number of stock grazed on the district by any one person may be reduced to the grazing unit on such scale of reduction as may be fixed by the director, but any such reduction shall be made only at the close of a grazing season and shall not in any one year exceed 20% of the total number of stock grazed in the grazing district by such person under permit.

42. All cattle and horses over six months old must be branded being permitted to graze on the forest reserve.

43. When a permittee wishes to drive stock on the reserve he must before doing so give at least two weeks' notice to the forest ranger or the officer in charge of the reserve, by mail or otherwise, stating the number of stock to be driven in. Similar notice must also be given when the stock are to be removed.

44. At the expiration of the permit the permittee shall remove his stock from the reserve, and if this is not done within fifteen days after the expiration of the permit the forest ranger or the officer in charge of the reserve may have the stock removed and the Department will assume no responsibility for the loss of the stock or for damage occasioned by them.

45. Any stock removed from the reserve before the expiration of the permit may be replaced by other stock, to an equal number, owned by the permittee.

46. If the stock are sold during the term of the permit the permit shall be surrendered and a new permit for the unexpired portion of the term will be issued free of dues to the purchaser of the stock.

47. All stock grazed under permit must be supplied with salt at such places and in such manner as may be designated by the forest ranger.

48. The carcasses of any animals on the reserves which die of infectious diseases must be burned, and any carcasses which are in the vicinity of any supply or body of water or any habitation must be removed or buried by the owner in accordance with the instructions of the forest ranger.

49. Permits for driving stock across a reserve may be granted by the forest officer in charge of the reserve on such conditions as he may deem necessary.

50. Any breach of the regulations or conditions of the permit by a permittee, or failure to comply with the instructions of the officer in charge of the reserve or of the forest ranger, shall render the permit liable to cancellation and, in the discretion of the Minister, the privilege of obtaining any further or other permit shall be withdrawn.

51. Any damage done to improvements on a forest reserve shall be repaired by the person responsible for such damage whether the damage is the result of his own action, or the action of any person employed by him, or of stock owned by him.

52. When it is considered necessary for the prevention of injury or contamination to any sources of water-supply, the officer in charge of the reserve may take such action as may be necessary for its protection and for that purpose may provide for the exclusion of stock therefrom by fencing or otherwise.

53. Any person owning or leasing unfenced land within a forest reserve who waives the right to the exclusive use of such land may be granted a permit free of dues for a number of stock equal to the number which can be carried on such land under the regulations for granting leases for grazing purposes on Dominion lands, namely, one head of cattle or horses for each twenty acres.

54. Whenever any live-stock association whose membership includes a majority of the owners of any class of live-stock using a forest reserve or portion thereof shall appoint a committee, an agreement on the part of which shall be binding upon the association, such committee, upon application to the director, may be recognized as an advisory board for the association, and shall then be entitled to receive notice of proposed action and have an opportunity to be heard by the local forest officer in reference to increase or decrease in the number of stock to be allowed for any year, the division of the range between different classes or stock or their owners, or the adoption of special rules to meet local conditions.

GRAZING TRESPASS.

55. The owner of any stock grazing on a forest reserve without a permit shall be liable to at least four times the regulation rate of dues for the number of stock so grazing unless he can establish that the trespass was made without wilful intent, in which case at least double dues shall be charged.

DISPOSAL OF HAY.

56. Permits for cutting wild grass for hay on forest reserves may be granted by the director or any officer acting under his instructions.

57. No permit shall be granted for a period greater than one year, and no permit shall be transferable. The cutting of hay shall not be permitted before the twenty-fifth day of July in any year, or such other date as may be fixed by the officer in charge of the forest reserve.

58. Any actual settler residing in the vicinity of a forest reserve may be granted a permit for hay for use by stock owned by him on paying therefor at the rate of 10 cents per ton.

(b.) Permits may be granted to cut hay for barter or sale at the rate of 50 cents per ton, but such permits shall not be granted until after the twenty-fifth day of July in any year, or such other date as may be fixed by the officer in charge as provided for in the preceding section.

(c.) The fee for a permit shall be 25 cents. The fee and dues in connection with a permit must be paid in full before the permit is issued, and all previous permits must have been returned.

59. Application for permits of hay may be received at any time after the first day of January, and permits may be granted at any time after the first day of April.

60. In case two or more applications are received on or before the first day of April in any year for permits to cut hay on one parcel of land, the officer in charge of the forest reserve shall have authority to make a division among the applicants or to put up the right to a permit to tender.

61. Any breach of the regulations by a permittee, or failure to comply with the instructions of the officer in charge of the reserve or of the forest ranger, shall render the permit liable to cancella-

tion and, in the discretion of the Minister, the privilege of obtaining any further or other permit shall be withdrawn.

SEIZURES.

62. All hay cut within a forest reserve without proper authority shall be liable to seizure, whether in the possession of the person by whom it was cut or of any other person, and whether it has or has not been removed from the reserve; and the person by whom the hay was cut shall, in the discretion of the Minister, forfeit all right to obtain permit within a forest reserve in addition to any other penalty provided by "The Forest Reserve Act" or by these regulations.

(b.) Unless the person who cut the hay can establish to the satisfaction of the officer in charge of the forest reserve that the cutting was done without wilful intent to contravene the regulations, the hay shall be confiscated and may be disposed of by public auction after proper advertisement, and, if no bid equal to the amount due the Government is received, may be disposed of by private sale.

(c.) If it is established that the cutting was done without wilful intent to contravene the regulations, the hay may be released on payment of a fine equivalent to at least double dues on the hay seized, which may be collected whether the hay is partly covered by permit or not.

63. If hay has been cut on a forest reserve without authority, and has been removed beyond the reach of the forest officers, the person responsible for the cutting, whether done by himself or some person employed by him, shall be liable to a penalty of not less than \$1 and not exceeding \$3 for each ton of hay unlawfully cut.

(b.) If the person responsible for cutting the hay unlawfully can establish that the cutting was done without intent to infringe the regulations, he may be relieved from further liability by the Minister on payment of at least double dues on the quantity cut, as determined by the forest officer.

USE OF LANDS UNDER LEASE OR PERMIT.

64. The Minister is authorized to lease lands for the following purposes, and under the conditions hereinafter provided:—

(a.) Surface rights for mining claims.

(b.) Schools, churches, club-houses, sanitarium, and cemeteries.

(c.) Summer resort lots.

Conditions governing the leasing of lands for above purposes:—

(a.) The owner or lessee of a mining claim may acquire under such form of lease, and on such terms as may be approved by the Minister, such portion of the surface rights on lands within the boundaries of the claim as is necessary for the proper working of the mine, the term of the lease not to exceed the term of the lease of the mining rights, or in any case a term of twenty-one years.

(b.)
